EDUCATION

Parul University

Bachelor of Technology in Computer Science — 7.43 SGPA

Vadodara, Gujarat

Nov 2022 – May 2026

ASC College

Major: Physics, Chemistry, Mathematics (PCM) — 75.17%

Chopda, Maharashtra

June 2020 – April 2022

EXPERIENCE

Teklozy — E-Learning / Edtech

Front-End Developer (Internship)

May 2025 – July 2025

Hyderabad, Telangana

- Developed 10+ reusable React components to improve UI efficiency and code maintainability
- Built responsive layouts using HTML, CSS, and JavaScript for cross-device compatibility
- Integrated 5+ RESTful APIs to enable real-time data updates in the frontend
- Participated in code reviews, reducing UI bugs by 20% over the internship duration

PROJECTS

FYIgt [link] | *OpenAI/OpenRouter API, React.js, Node.js, Express.js, REST API, MongoDB*

- Developed a full-stack AI chat application with React frontend and Node.js/Express backend
- Integrated OpenRouter API (supporting multiple AI models) and MongoDB for persistent conversation threads
- Implemented responsive UI with typing animations, markdown rendering, and thread management

Zerodha [link] | *React.js, JavaScript, Node.js, Express.js, RESTful APIs, MongoDB*

- Built a Zerodha trading platform using React for frontend and Node.js with Express.js for backend functionality
- Implemented features such as user login, dashboard, and market view with dynamic UI updates
- Designed RESTful APIs to manage user data and simulate real-time trading logic within an architecture

Airbnb [link] | *JavaScript, Node.js, Express.js, MongoDB, EJS Templating Engine*

- Built a full-featured web application for property listings and reservations using the MERN stack
- Enabled 50+ property listings with secure booking and EJS-based server-side rendering
- Integrated RESTful APIs for real-time interaction and data management

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, HTML, CSS

Technologies: React.js, Node.js, Express.js, MongoDB, SQL, Bootstrap

CS Fundamentals: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Tools & Platforms: Git, GitHub, Docker, CI/CD, Agile Methodologies

Development: REST APIs, Full-Stack Development, Reusable Component Design, Responsive UI/UX

CERTIFICATIONS

Node.js - HackerRank [link] | *JavaScript, Node.js, Express.js*

- Certified in Node.js by HackerRank – showcasing skills in JavaScript, Node.js, and Express.js.

DSA in Java - Apna College [link] | *Java, Data Structures and Algorithms*

- Completed core DSA course in Java with hands-on coding, problem-solving, and practical assignments.

MERN Stack - Apna College [link] | *React.js, Node.js, Express.js, MongoDB, SQL, Git, GitHub, Bootstrap*

- Built full-stack web applications using the MERN stack, covering front-end and back-end development

Java - HackerRank [link] | *Java, OOP*

- Certified in Java with knowledge of core Java fundamentals, object-oriented programming, and problem-solving

CO-CURRICULAR ACTIVITIES

The Coder's Den

Member of university programming club

May 2023 – Present

Parul University

- Practicing data structures and algorithms and actively participating in coding contests through club activities
- Solved 200+ problems on LeetCode [link], strengthening problem-solving and competitive programming skills
